Tulane Pediatrics

May 1, 2007

Dear Colleague:

We would like to introduce one of the newest members of the Tulane Pediatrics faculty. Kimsey H. Rodriguez, M.D. joined Tulane in 2006 as Clinical Assistant Professor in the Department of Otolaryngology - Head and Neck Surgery. Dr. Rodriguez received her undergraduate degree from the University of Notre Dame and her MD from Tulane University. She then completed a residency in Otolaryngology at Tulane and went on to Boston Children's Hospital for a Fellowship in Pediatric Otolaryngology.

Kimsey H. Rodriguez, MD

Dr. Rodriguez's surgical expertise in pediatric airway anomalies is quite impressive and unique in Louisiana. She manages difficult airway problems in neonates, children and adolescents and has been a welcome addition to Tulane's Craniofacial Team. Dr. Rodriguez is also very interested in the otolaryngologic problems associated with cystic fibrosis, immune deficiency, pansinusitis and sleep apnea.

We urge you to consider Dr. Rodriguez when your Pediatric and adolescent patients require Otolaryngology care. **Appointments with Dr. Rodriguez may be scheduled by calling 504-988-5800.** Her academic office number is 504-988-5451. Physicians who need rapid access to Dr. Rodriguez for urgent referral or consultation may reach her through the **Physician Hot-Line at 504-988-5300.**

As always, thank you for your support of Tulane Pediatrics and the Tulane Hospital for Children. Please feel free to contact us if you have any questions or concerns.

Sincerely,

Samir El-Dahr, M.D.
Riley Chair & Professor
